Sunco is your Trusted Telecom Systems Integrator

Making business communication *easier* for you

From modest beginnings as a home-based, family-run business, Sunco has grown over the past 20 years into the trusted telecommunications partner for over 1,600 businesses across Canada. We are a proud, Canadian company with the love of business communication at the very core of what we do.

Our team lives, breathes and works with these technologies on a daily basis, and understands how complex they can be. That's why we're committed to making business communication *easier* for your organization. How do we do this? By being an *Integrator*. We fit all the pieces of your voice/data systems together into a unified whole - giving you superior design, support and management all through one point of contact. This strategy ensures you get the technology and services your business needs, delivered in a way that is coordinated, convenient and just *easier*.

No more confusing network service contracts, overseas call centres, long wait times and impersonal service. We promise honest advice and personal support delivered in a way that reflects our core values:

- **We Embrace Change**
- **We Do What It Takes**
- **We are Accountable to the Outcome**
- **We do the Right Thing**
- **We Bring Out the Best in Each Other**

The Sunco team is ready to help. Leverage our Integrator strategy to help make business communication *easier* for your organization. Optimize your time to focus on what matters most - *growing your business*.

Need to reach us? We're ready to help!

Service: To enter a service call, please email service@sunco.ca and a ticket will be auto-generated in our system.

Client Portal: To receive log-in credentials for our self-service payment and service portal, please call Tammy Klemmer at (780) 809-1786 or 1 (888) 782-9357

After-hours Emergency Service: To reach our after-hours on-call technician, please call (780) 809-1786 or 1 (888) 782-9357 and leave a message.

Accounting: For questions regarding invoicing, please call Tammy Klemmer at (780) 809-1786 or tammy.klemmer@sunco.ca

Yealink 3CX Desk Phone Guide

Calling & Programming

BASIC CALL HANDLING

MAKING A CALL

1. Lift the handset or press the speaker/headset key for handsfree.
2. At the dial tone, enter the number you wish to call, or select the desired line key, or select a contact from phonebook.
3. Press **Call** soft key.

ENDING A CALL

Place the handset on its cradle or press the **End Call** softkey or **Cancel** key.

REDIALING A NUMBER

To access the outgoing calls list in the call history, press the **Redial** key once and press **Call**. To redial the most recently dialed number, press the **Redial** key twice.

ANSWERING THE INCOMING CALL

1. Lift the handset for handset operation.
2. For speakerphone operation, press the **Speaker** or **Headset** key.
3. Press **Answer** soft key.

HOLDING A CALL

To place a call on hold when on an active call:

- For T54W users, press the **Hold** key, or **Hold** soft key.
- For T41S users, press **Hold** soft key.

RESUMING A CALL

To resume a held call:

- For T54W users, press the **Hold** key again, or **Resume** soft key.
- For T41S users, press **Resume** soft key.

MUTING THE MICROPHONE

Press the **Mute** key to mute the microphone on the handset, headset, or speakerphone.

TRANSFERRING A CALL

To transfer a call:

- For T54W users,
 1. Press the **Transfer** key or **Transfer** soft key.

2. Enter or select the desired number.
3. Press the **Transfer** key or **B Transfer** soft key to complete a blind transfer. Or press **Call** to contact the 3rd party, after the contact answers the call, press the **Transfer** key, or **Transfer** soft key to complete an attended transfer.

- For T41S users,
 1. Press the **Tran** soft key.
 2. Enter the desired number to transfer.
 3. Press the **Tran** soft key again to complete a blind transfer. Or, after the contact answers the call, press the **Tran** soft key again to complete an attended transfer.

CONFERENCE CALL

To create a conference call when on an active call:

- For T54W users,
 1. Press the **Conference** soft key.
 2. Dial the 3rd party.
 3. When the 3rd party answers the call, press the **Conference** soft key again to create a conference.
- For T41S users,
 1. Press the **Conf** soft key.
 2. Dial the 3rd party.
 3. When the 3rd party answers the call, press the **Conf** soft key again to create a conference.

FORWARDING A CALL

1. Navigate to **Menu->Features->Call Forward**.
2. Select the desired forwarding type (**Always**, **Busy**, **No Answer**) and select **Enabled** from the corresponding field.
3. Enter the destination number you want to forward incoming calls to in the **Forward to** field.

DISABLE CALL FORWARDING

1. Navigate to **Menu->Features->Call Forward**.
2. Select the desired forwarding type and select **Disabled** from the corresponding field.
3. Select **Save**.

Calling & Programming

ADVANCED FEATURES

SETUP SPEED DIAL

3. Navigate to **Menu->Features->Dsskey**.
4. Select the desired line key and then press the **Enter** soft key.
5. Select **SpeedDial** from the **Type** field.
6. Enter the name in the **Label** field and phone number or extension number in the **Value** field.
7. Press **Save**.

***You can also long press the line key to configure it.*

SETUP LINE KEY WITH OTHER FEATURES

1. Navigate to **Menu->Features->Dsskey**.
2. Select the desired line key (except the reserved 1st line key), and then press the **Enter** soft key.
3. Select the desired features from the **Type** field.
4. Enter the corresponding information in the **Label** field and **Value** field if applicable.
5. Press **Save**.

***You can also long press the line key to configure it.*

***T54W Line Key Icons are shown in Appendix.*

***T41S Line Key Features are listed in Appendix.*

SETUP VOICEMAIL CODE

1. Navigate to **Menu->Message->Voice Mail->Set Voice Mail Code**.
2. Enter the voice mail code (for example, *4) in the desired account field.
3. Select **Save**.

LINSENTING TO VOICEMAIL

When a new voicemail is left, press the **Voicemail** key and type in the **voicemail pin** followed by “#” to listen to your voicemail.

***The default voicemail pin will be provided in the welcome email by your phone system administrator.*

CALL HISTORY

The Call History application is a stored log of your placed, received, missed, and forwarded calls. You can view, place a call, add to contact, and delete an entry from the call history list.

1. Press **History** soft key or navigate to **Menu->History**.
2. Select the desired entry,
 - Select **Option->Detail** to view the entry.
 - Select **Call** to place a call.
 - Select **Option->Add to Contact**, then select **Save** to add the contact to local directory.
 - Select **Delete** to delete the entry.
